DATA RESPONSE

To: NBC Bay Area, ABC-7 News, *San Francisco Chronicle*, *San Francisco Examiner*,
New York Times, *Washington Post* and *San Francisco Standard*
From: Matt Dorsey, San Francisco Police Department
Date: Thursday, December 30, 2021
Subject: **Year-end Update** Tenderloin Drug Dealers 2021 Repeat Offender
Time-in-Custody Analysis

Many of you asked in separate conversations for an analysis of in-custody times for repeat offenders for drug dealing in the Tenderloin Police District. As representatives of several of your news organizations and I have discussed on prior occasions, the Tenderloin's "Repeat Offenders List" for narcotics sales and possession for sale is updated quarterly, with the current list reflecting arrests from Jan. 1 to Oct. 5, 2021. This analysis focuses on drug dealing repeat offenders through Q3 of 2021.

Based on legal advice governing the release of criminal offender record information, this report is limited to de-identified information on bookings more than 90 days before today's date. Accordingly, some bookings after mid-September 2021 have been temporarily excluded. In approximately one month, we can provide an updated report that will include all bookings once they are beyond the 90-day disclosure window.

To accomplish this analysis, we provided our Tenderloin Repeat Offenders List for 2021 to the San Francisco Sheriff's Department, which queried the unique identifying numbers we provided in its Criminal Justice Information System (or CJIS) database. This query retrieved itemized detail on in-custody times for each requested offender's bookings into San Francisco jails, which is listed herein. A total of three juvenile offenders were excluded from the time-in-custody analysis. In addition to data pulled from Sheriff's CJIS data, there are other relevant sources of information referenced in this memorandum, which include those linked below.

Supporting Documentation

I am providing with this memorandum hyperlinks to supporting documentation for your ease of reference. I hope you will find helpful for your own research purposes.

DATA RESPONSE

UPDATE: Thursday, December 30, 2021

Page 2 of 71

- [TL Repeat Offender Bookings TIC Data Redacted.xlsx](#) is a Microsoft Excel file containing de-identified data for each booking for all 65 Tenderloin drug dealing repeat offenders. The booking data is current through mid-September 2021. Fentanyl seizure data is current through Dec. 26, 2021, reflecting a 52-week period that concludes 2021.
- [Co. J Unique Drug Dealers 2021 to Oct. 5_Redacted.pdf](#) is an Adobe Acrobat PDF of all Tenderloin drug dealer arrests for the first three quarters of 2021, redacting all names. Note this includes three juveniles excluded from the data analysis.
- [Co. J Unique Drug Dealers 2021 to Oct. 5 - top 17 Fentanyl_Redacted.pdf](#) is an Adobe Acrobat PDF of the top 17 Tenderloin drug dealing arrestees for through Q3 2021, redacting all names. Note this includes one juvenile excluded from the data analysis.
- [TL 2020 - Total Narcotics Seized.pdf](#) is an Adobe Acrobat PDF spreadsheet of drug and cash seizures for the year. Although reported totals account for the complete calendar year, not all weeks are itemized.
- [TL 2021 - Total Narcotics Seized Week 1-52.pdf](#) is an Adobe Acrobat PDF spreadsheet of drug and cash seizures for the year. Reported totals reflect 52 weeks of the calendar year, for the week ending Dec. 26, 2021. All weeks are itemized.
- [2021-12 OCME Overdose Report.pdf](#) is an Adobe Acrobat PDF from the S.F. Office of the Chief Medical Examiner's Accidental Overdose Report, from Jan. 2020 to Nov. 2021 (Dec. 15, 2021), which contains data on overdose fatalities and fentanyl's impact on them.
- [SF Street-Level Drug Dealing Task Force Report \(June 30 2021\).pdf](#) is an Adobe Acrobat PDF of the final report of the San Francisco Street-Level Drug Dealing Task Force convened by the Board of Supervisors in late 2020 (BOS File No 200913, Nov. 9, 2020).

Highlights from SFPD Data

The Tenderloin Police District, which is the City's epicenter of narcotics-related crime and accounts for the large majority of drug dealing arrests in San Francisco, keeps meticulous and locally generated data on drug arrests and seizures or drugs and cash. For this reason, Tenderloin's Drug Dealing Repeat Offenders List forms the basis of this analysis.

- Through the first nine months of calendar year 2021, there were **426 arrests** of **337 unique arrestees** (adult and juvenile) for narcotics sales and possession for sale incidents in SFPD's Tenderloin Police District.

- Among these, **65 adult arrestees** were arrested **more than once** for the same crime in the same neighborhood during the same nine-month period. The Tenderloin Repeat Offenders List for 2021 comprises these 65 adult arrestees.
- Among these repeat offenders, **16 adult arrestees** were arrested **more than twice** for the same crime in the same neighborhood during the same nine-month period.
- And among these repeat offenders, **four adult arrestees** were arrested **four times** for the same crime in the same neighborhood during the same nine-month period.

'The Most Dangerous Illegal Drug in America'

Because data fields queried for this analysis don't include amounts and kinds of drugs seized, these need to be tallied manually from incident report narratives. To get a reliable baseline percentage, I asked the Tenderloin Police District's narcotics data analyst to provide me a data sampling of how many drug dealers were arrested for selling what Rand Corporation has described as the "most dangerous illegal drug in America."¹

The analyst chose the 16 most prolific repeat offenders, which for purposes of fentanyl sales in 2021 is broadly representative of the entire list.

- Among the **16** most frequent adult drug dealing offenders who were arrested three or more times in the first three quarters of 2021 in the Tenderloin, **14** were selling fentanyl — or **87.5 percent**.
- Among the **52 arrests** of the 16 most frequent adult drug dealing offenders in the first three quarters of 2021, **36 involved fentanyl** — or **69 percent**.

Anecdotally, I am informed that the given the increasingly high prevalence of fentanyl in recent years, the absence of by Tenderloin repeat offenders for drug dealing more likely reflects dealers who sold out of fentanyl prior to their arrest than dealers who choose not to sell it.

Lethality of Fentanyl

Several journalists requesting this memo expressed interest in documentation on the lethality of fentanyl. While RAND Review's characterization of the relative lethality of fentanyl is qualitative, the most widely accepted *quantitative* characterization can be found in the medical

¹ "Fentanyl: The Most Dangerous Illegal Drug in America" Doug Irving, RAND Review, Jan. 13, 2020: <https://www.rand.org/blog/rand-review/2020/01/fentanyl-the-most-dangerous-illegal-drug-in-america.html>

reference resource, Clarke’s Analysis of Drugs and Poisons,² provided to us by the OCME staff, which reports of fentanyl that its “estimated minimum lethal dose is 2 mg.”

According to the Office of the Chief Medical Examiner’s Accidental Overdose Report dated Dec. 15, 2021, fentanyl has had an outsized impact on drug OD fatalities in San Francisco. It accounts for nearly three quarters of drug overdose deaths citywide, which are themselves at historically unprecedented levels — outpacing the lethality of COVID-19 by a rate of nearly 2-to-1.³

Fentanyl- and Non-Fentanyl-Related OD Fatalities in San Francisco, 2020–21

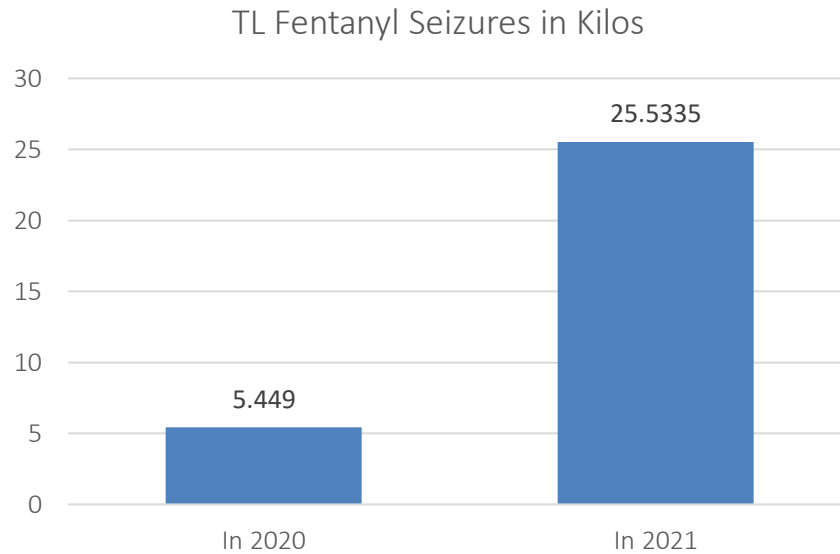

Accidental Fatal Overdoses in San Francisco 2017–21

It bears repeating that the amount of deadly fentanyl flooding San Francisco streets in the past year has also been unprecedented. In 2020, Tenderloin police seized 5.449 kilos of fentanyl for the year. In 2021 — measuring 52 weeks through the week ending Dec. 26 — Tenderloin police officers’ seizures of fentanyl in that one police district surpassed 2020 by nearly five-fold, with a year-end haul that now exceeds 25.5 kilos.

³ Source: COVID-19 cases and deaths in San Francisco, including new cases and cumulative totals, accessed on Dec. 16, 2021, with cumulative COVID-19 deaths as of Dec. 11, 2021 in San Francisco at 680. <https://sf.gov/data/covid-19-cases-and-deaths>

Policy Recommendations

Several journalists requesting this memo asked if I was aware of changes being contemplated by City policymakers regarding the increasingly deadly phenomenon of fentanyl in San Francisco, and I have provided herein a link to the final report of the San Francisco Street-Level Drug Dealing Task Force, which the Board of Supervisors convened in late 2020 (BOS File No 200913, Nov. 9, 2020).

One recommendation that earned plurality support was one to make “an enforcement priority to focus on certain types of dealers (e.g., those selling bags of fentanyl, those using holders.)”

Illegally produced fentanyl is a major factor in the skyrocketing overdose death rate in SF. Unlike many parts of the country, SF has a separate market for fentanyl and the dealers know they are selling those bags of fentanyl. One suggestion was to make these dealers an enforcement priority for the police and prosecutors. There was also a call for making it a priority to go after dealers who are exploiting D6 residents and having them hold drugs, money, and/or weapons.

(A Report from the San Francisco Street-Level Drug Dealing Task Force, June 30, 2021)

Time-in-Custody Comparisons

Several journalists requesting this memo asked for comparative time-in-custody averages under the current district attorney, who assumed office on Jan. 8, 2020, and prior district attorneys. Averages from the accompanying Microsoft Excel file, “TL Repeat Offender Bookings TIC Data Redacted.xlsx,” vary slightly due to bookings within the 90-day disclosure window that are

DATA RESPONSE

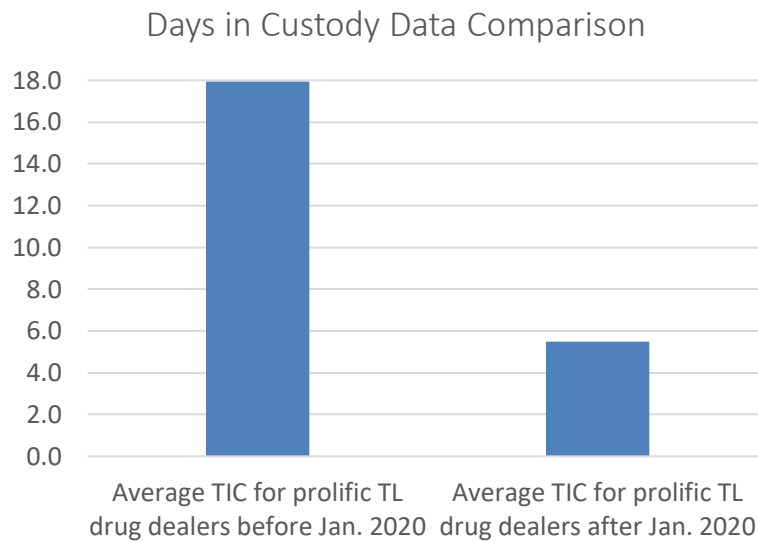

UPDATE: Thursday, December 30, 2021

Page 6 of 71

being temporarily withheld. The actual TIC post-Jan. 2020 average (averaging days excluded) is 5.473966308 days. The replicable total based on reportable data is 5.638901462 days.

- Average time in custody for Tenderloin drug dealing repeat offenders booked before Jan. 8, 2020: **17 days, 22 hours and 44 minutes** (or 17.9474 days)
- Average time in custody for Tenderloin drug dealing repeat offenders booked after Jan. 8, 2020: **5 days, 11 hours and 22 minutes** (or 5.473966308)

Highlights from Sheriff’s Department’s Time-In-Custody Data

The following documents in-custody times for the top 65 most prolific drug-dealing offenders in the Tenderloin for calendar year 2021 alone. Time-in-custody data reflects all arrests, which may (or may not) include:

- Bookings in earlier years;
- Bookings from arrests in other police districts apart from the Tenderloin; and
- Bookings from arrests for other crimes (including some violent crimes) apart from narcotics sales and possession for sale.

As explained earlier, some bookings after Sept. 16, 2021 have been temporarily excluded from this report.
