ESTABLISH – NO PARKING EXCEPT FOR BICYCLES (FOR BIKE SHARE STATION)

Fulton Street, south side, from 9" to 88'-9" east of Laguna Street (81'-11" bike share station with a 3' red zone buffer on the western end and 3' red zone buffer on the eastern end of the station).

BACKGROUND INFO:

Stations with bicycles are approximately 6 feet long and 4 feet tall with a kiosk approximately 7.8 feet tall at the eastern end of the station. Stations will be solar powered via a panel system that extends vertically from the kiosk. No excavation is necessary.

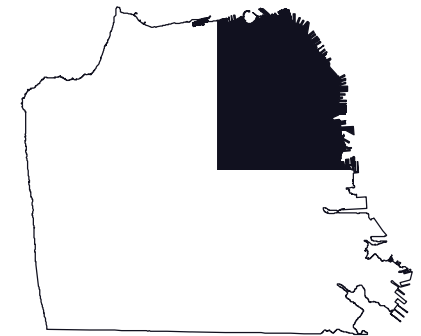

- This site is located on a street with Class II bike facilities.
- This site is not located on a street along which a MUNI line runs.
- Lyft conducted positive outreach to the adjacent Fulton 555 Mixed-Use Development located at 555 Fulton Street. Lyft contacted Huiwen Zhu, who is the developer of 555 Fulton and Jeff Blomstrand, who is the Sales Manager of Fulton 555 and they said they will review the station proposal internally and request a call if needed. Lyft also conducted outreach to secondary abutting properties at 555 Fulton St and 788 Laguna St with no response to date. This site was suggested by Gail Baugh from the Hayes Valley Neighborhood Association (HVNA) on January 16, 2020. This site has also been discussed with the current District 5 supervisor.

Hi Huiwen,

We would like to move this bikeshare station proposal through SFMTA's legislation process. As a friendly reminder, this bikeshare station is a joint citywide transportation project with SFMTA and would be on SFMTA right of way. Feedback and comments are still welcome during this time and as always, I'm happy to answer questions via phone or email. I will let you know when the public hearing is scheduled.

Thank you and stay safe,
Eliza

Hi Eliza,

This is Huiwen with the developer of 555 Fulton, could you please send your proposal to us again? It got missed in the attachment.

After reviewing the proposal with our internal team, we can schedule a conferencing call if needed.

Thanks,
Huiwen Zhu

Subject: Re: Proposed Bikeshare Station on Fulton St at Laguna St: Feedback Requested

Hello all,

Please let me know if you have any thoughts or feedback you would like to share on the proposed bikeshare station on Fulton at Laguna. We would like to bring this proposal through SFMTA's legislation process during which feedback is still collected up through SFMTA's public hearing. Please feel free to reach out via phone or email if there are any questions I can help answer. I will be sure to let all of you know when the public hearing is scheduled.

Thanks,
Eliza

Subject: Proposed Bikeshare Station on Fulton St at Laguna St: Feedback Requested

Hi Jeff,

Thank you for returning my call and for sharing your email address. I'm Eliza, Community Affairs Coordinator for the Bay Wheels Bikeshare Program. In collaboration with SFMTA, we would like to propose bikeshare station on the South side of Fulton St, East of Laguna St on SFMTA right of way. Attached is a feedback flyer that has more information on the program, a mock up of the station footprint and outreach process for your reference.

The Bay Wheels bikeshare program is a joint project with SFMTA to provide another method of transportation for residents that is sustainable, affordable and publicly accessible. Currently we have approximately 220 stations throughout San Francisco where riders can take one bike from one station and take it to any other station. We also have hybrid pedal-assist electric bikes that can either be docked at a station or locked to a public bike rack for more flexibility. The most common use of the bikeshare system is for commuting to and from work. This system can be used in conjunction with MUNI and BART to fulfill the first/last mile gaps, or can be used as one's sole mode of transportation. The Bay Wheels Bikeshare Program also helps meet SFMTA's Transit First Policy and Bikeshare Goals throughout the city.

I would like to collect feedback from 555 Fulton on this proposal and would be happy to answer any questions. Please forward this information to the best point of contact at 555 Fulton and I look forward to hearing from you soon!

Thanks,
Eliza

Hi Gail, Barbara and Craig,

I just wanted to share an update on the **Fulton at Laguna proposed bikeshare station**. Since our last correspondence in January, we have located a feasible spot for the proposed bikeshare station on Fulton at Laguna, have conducted initial outreach with 555 Fulton St and are now planning on bringing this proposed station through MTA's legislation process. I'll be sure to let you all know when the public hearing date has been scheduled for this location. In the meantime, please feel free to reach out if you have any questions. Thank you all for your support!

Stay safe and have a great weekend,
Eliza

Hi Gail,

Apologies for the delayed response. Removing Justin from this thread as he is no longer on the Bay Wheels team.

Thank you for the suggestion! Yes, we are looking at the new **Trader Joe's location at 555 Fulton St for a potential bikeshare station location**. This location has been sited and about to start the initial outreach, attached is the feedback flyer for reference. Do you possibly have a contact I can reach out to? If not no worries, I'll research who to best contact as well. In the meantime, please feel free to reach out if any questions come up.

Thanks,
Eliza

Hi Neal. Please take a look at this location. As with all grocery stores, we'd like to explore a location for a bike pod at this **new Trader Joe's location**.

Get back to me once you've had a chance to review the location.

Awaiting your reply. Gail

Hi, Justin,

Our new grocery store Trader Joe's will open at the above location, we hope. I'd like to introduce you to the property owner representative, Huiwen Zhu of Z & L Properties, to discuss the options to place a bike pod near this new grocery store.

Hopefully, you're still with Lyft, so we can get started.

Best wishes, Gail Baugh

Hi Supervisor Preston,

I hope you are doing well. The Bay Wheels team continues to move forward with operations and station expansion during this time, operating as an essential transportation service.

The Hayes Valley Neighborhood Association has been a long-time partner of ours and we've worked together to site several stations in Hayes Valley over the years. They've been interested in a station near the 555 Fulton project and we have a proposed station that we are moving forward to internal SFMTA review before a public hearing. Please see attached flier describing the proposed on-street station - please let me know if you have any questions.

Thanks,
Neal
