-It's been brought to my attention that there is a June 6th HVNA Board letter re: Statement in Support of Hayes Valley Safe Sleeping Site and Hotel Rooms for Homeless People. *Can you please provide a copy* so we can share and post?

-Can you also specify the locations referenced as 'suitable locations for the Safe Sleeping Sites near the Eastern edge of District 5'? And specify **who** deemed them suitable?

A friendly reminder: the Public Safety and Communications Committee have been on the front line of the safe sleeping site/homelessness issue for the last several months; so we definitely want to be kept in the loop on this matter. Having said that, it appears there has been an oversight :(the T&P and Homeless Committee Chairs were cc'd on the letter whereas the Public Safety and the Communications Committee Chairs were not. I do hope that moving forward both of our committees will be provided the same level of inclusion as those committee chairs who serve on the board.

Thanks for your cooperation.

Communications Committee Chairs
~Mich, Richard and Ana
